

EAGLE WINGS – the Christening Ceremony

Sunreef Supreme 68 Luxury Yacht Charter & Superyacht News

charterworld.com | April 13, 2016

Sunreef Yachts have delivered the first Sunreef Supreme 68 catamaran EAGLE WINGS to her proud owners, with the completion of the delivery having taken place at this year's Singapore Yacht Show.

EAGLE WINGS is a striking custom-made sailing catamaran, measuring 68 feet with a living space of 300 square metres. The yacht was finally handed over to her owners on the last day of the event, during a christening ceremony, where they were joined by their friends and family.

Christening ceremony of the Sunreef Supreme 68 Eagle Wings

The first Sunreef Supreme 68 attracted plenty of visitors as well as the attending press. The yacht boasts a new radical concept of superstructure, which allows the saloon and exterior deck to be on the same level. This results in a huge main saloon surrounded by floor to ceiling glass – a smooth, seamless area opening onto the cockpit and providing direct access to the deck through sliding doors on both sides of the yacht. All the areas of the vessel merge into one panoramic lounging and dining area.

EAGLE WINGS, just as all the Supreme 68 yachts will, features an aft garage, which stores a 5 metre tender, up to two jet skis, diving gear and sails. When the garage door is lowered to the same level as the yacht's aft platform, it created a fabulous outdoor lounging and sunbathing area. All models of the Sunreef Supreme series are fully customised in terms of layouts and finishings.

Eagle Wings at the Singapore Yacht Show 2016

As the regional interest for big luxury multihulls is continuously rising, Sunreef Yachts signed a dealership agreement for Singapore with the Yachting Lifestyles Pte Ltd. agency and its Owner – Daniel Au shortly after the company concluded the contract for Eagle Wings.
